

THE DAILY BULLETIN.

TUESDAY, APRIL 7, 1885.

There is no apparent change in the condition of General Grant.

The insurance losses in Kentucky the past year were over 70 per cent. of the receipts.

The Navy Department has dispatched men to the Isthmus of Panama for the protection of our citizens.

MINISTER JACKSON, of Georgia, is credited with having made a million dollars practicing law since the war.

The answer made by Russia to England is considered satisfactory and it is now regarded that war between the two countries is not probable.

MISSED ADA C. SWART, Pension Agent at Chicago, who has been requested to resign has declined to do so, and has expressed a preference to be removed.

CAPTAIN EVAN P. HOWELL, of Atlanta, will not accept the appointment as Consul to Manchester, and has forwarded to the President his formal declination.

SENATOR BECK will leave Washington this week to visit the World's Exposition at New Orleans. Mrs. Beck will go with him and they will be absent several weeks.

HON. A. CLARKE, State Senator for the district composed of the counties of Bracken, Grant and Pendleton, died at Falmouth, on Saturday morning, of consumption.

Riel's rebellion in the extreme North-western part of the Dominion of Canada is growing serious, and the loyal people are appealing to the Government for protection.

The Drummer and the Builder and Real Estate Journal are the names of new papers recently started at Lexington. The Transcript says others will be started later in the spring.

THE NOMINATIONS of Mr. E. L. Worthington for State Senator and Mr. A. P. Gooding for Representative are evidently satisfactory to the Democracy and both gentlemen are certain to be triumphantly elected.

It is reported confidently from Washington that the President will, on next Monday, appoint Captain Grimes of Claverport, United States Marshal for Kentucky. Senator Blackburn is quite confident that Captain Leavy will be appointed to the place.

HON. JEFFERSON DAVIS has written a letter of sympathy to Gen. Grant which the press telegrams say was very gratifying to him and touched him deeply. Mr. Davis wrote: "If the prayers and good wishes of all those in the South who honor and respect General Grant could avail, he would conquer the dread antagonist with whom he is now contending just as triumphantly as he overcame the antagonists with whom he contended twenty years ago."

THE NEW YORK JUSTICE says: It is pleasant to see that in the diplomatic and other appointments of the new administration the South is obtaining a fair share of recognition. Twenty years have elapsed since the close of the war, and, if we are ever going to have a real era of reconciliation, it is time that the Southern States were treated as if they were a part of the United States. The appointments thus far made by President Cleveland, while disappointing many who consider that they have claims upon the administration, are uniformly good.

REPRESENTATIVES of both the Rowan County factions have gone to Louisville to confer with Colonel Castleman, who has expressed a desire to have a conference with both sides. It is stated that the Toliver faction have visited the wives and families of the Martin side, who had left Rowan County to avoid a collision with the opposition, and notified them that the husbands, brothers or fathers could return to Morehead without fear of being harmed. They claimed that their object was to restore peace in the county and see that hereafter the laws of the State were properly enforced. The end of the trouble is considered in sight.

POSTMASTER PEARSON who has been re-appointed as Postmaster of New York City, employs 1,730 men, whose annual salaries amount to \$1,511,025. The stamp clerk sells \$4,000,000 worth of stamps every year, and the cashier during the same period handles more than \$10,000,000, being \$300,000 a day. For this vast responsibility the Postmaster of New York receives \$8,000 a year.

There are more than 40,000 postoffices in the country called fourth-class; that is, they pay the incumbent less than \$1,000 a year, and are appointed directly by the Postmaster-General, without the need of confirmation by the Senate. They hold their places at his pleasure, having no term of four years, as do the President's appointees.

JOHN KELLY NO BETTER.

Probable of the Tammany Chieftain's Removal from Atlantic City.

ATLANTIC CITY, April 7.—The past week has been a lonely one for John Kelly, and the old chieftain has gained little strength since coming here. His face is pale and drawn, and deep shadows have furrowed his countenance. Every morning, when the weather is bright, he wraps a heavy cloak about him, and, accompanied by Mrs. Moore, walks feebly up and down the boardwalk in the heat. Mrs. Moore and Mrs. Kelly are the only persons permitted to go near him, and he is carefully guarded that no wandering politicians may intrude upon his privacy. The general preparation for his removal is suffering seems to have taken very firm hold, and the family are growing anxious over the persistent continuance of the mental dereliction. If no improvement occurs in his condition within a week he will be removed to some other health resort. Paul Commisser Crimmins visited him last week and was greatly pleased at his leader's changed appearance.

FREILINGHUYSEN.

Encouraging Condition of the Distinguished Patient at His Home.

NEWARK, N. J., April 7.—Frederick T. Freilinghuyse, the distinguished lawyer who has fully recovered from the stroke which caused his physician and family so much anxiety. He again took nourishment, made intelligent but short answers to questions, and was so much improved that Dr. O'Gorman does not now look for an immediate termination of his illness.

Mr. Freilinghuyse may linger several days, and should there be no recurrence of the lethargy, or other unusual symptoms, it is possible for him to live a month, or until he gradually wastes away. He does not think that he is going to die, and expresses a strong desire to get well again.

BIG SWINDELL CASE.

PITTSBURGH, April 7.—The trial of the Pennsylvanian, John Big Swindell, who last winter sold his wife to a man in the criminal court before Judge White. The court was crowded with spectators. Four lawyers, including Congressman Boyle, were engaged in the defense. Mr. Wm. L. Frelinghuyse may linger several days, and should there be no recurrence of the lethargy, or other unusual symptoms, it is possible for him to live a month, or until he gradually wastes away. He does not think that he is going to die, and expresses a strong desire to get well again.

PERUNA.

Mr. H. H. Hartshorn, Columbus, O., has been a great sufferer from that dreaded disease, chronic catarrh of the stomach. I have thoroughly tried your MANALIN, and it has done me more good tenfold than all those other prescriptions, and I have learned its value.

Mr. Edgar Harte, Sinselzer P. O., Elk County, Pa., writes: "I have bought several bottles of your PERUNA, and find it to be of great benefit. I also gave it to some of my friends; they experienced great benefit from it."

Mr. L. R. Wollen, 45 and 47 Ross street, Pittsburgh, Pa., writes: "I am taking PERUNA with good results, and can highly recommend it to all. I have applied it to the different cutting stores for you books. They claim they have none on hand at present. Please do me the favor to send me one."

W. W. RUSSELL, druggist, Canonsburg, Pa., writes: "My Mother Adams has a good application to open her term with David Guttenkunst, a saloon keeper, is an application for the post of police chief, candidly, but with no personal acquaintance, and is unable to detect burglar who has stolen property by looking in a glass of water. Fearing the mayor would not ask him to the post, Guttenkunst asked him to, but will let his wife run the saloon." He stated that he sees Mr. Wm. L. Scott in company while gaoling in the glass determined that gentleman to run.

REMARKS OF DR. E. L. WORTHINGTON.

SCHENECTADY, N. Y., April 7.—A largely attended meeting of the brotherhood of locomotive engineers was held here for the purpose of organizing a Schenectady division of the order. The meeting included engineers in the employ of the Delaware, Lackawanna and Western, the Erie, the Hudson River, the Lehigh Valley, the Central railroad of New Jersey and some of the Vanderbilt lines. The officers elected will be installed early next month by Chief Arthur of Cleveland, O.

The following notice of the Newton Beers Comedy Company is from the Philadelphia Press:

"*Only a Woman's Heart*," is a strong dramatic piece which I introduce to you. It is a character sketch in Roger, a citizen of the world, and his wife, a woman of the world. The action is lively, and the characters generally are well drawn. The emotional department of the play is well developed, and its tendency to produce the material of the play, with a good degree of success. There was a large audience at the first performance, and aroused a proper degree of interest. Mr. Beers was called before the curtain after every act.

Stereoptican Exhibition.

An illuminated view of a dyspeptic's stomach would be a tritigious sight and a dreadful warning. A view of the interior of a healthy stomach is unpleasant, but, on the contrary, is a very interesting sight. There is nothing like Brown's Iron Bitters to keep the stomach healthy or to restore it when demoralized by the effects of indigestion. Miss Idia Shivers, Elliott City, Md., says: "I suffered from dyspepsia and general prostration. Brown's Iron Bitters improved me from the start."

The election in Huntington Township, Brown county, O., on Monday, resulted as follows:

FOREIGN POT-POURRI.

THE NEW FRENCH CABINET AND AF-
FAIRS IN THE SOUDAN.

Russia Answers Unsatisfactorily—Glimpses
From the Scenes of War—Bismarck's
Letter—Held and His Rebel Hordes.
Foreign Notes.

FARIN, April 7.—Le Siecle, the organ of
M. Brisson, says that a cabinet has been
formed, including M. De Freycinet and Genl.
Compigny. The new cabinet will meet im-
mediately at the elysée to draft a program
to submit to parliament. M. M. Brisson and
De Freycinet had a conference with M. Ferry
in reference to the Tonquin difficulties.

The Soudan.

SUAKIM, April 7.—The guards and the
Australian contingent marched this morning in
the direction of Handoub, with orders to
build a zorra at that point. The British ex-
peditionary force, which left Suez on March 21,
will march until Wednesday, when they will
probably reach a point where a large body of
Arabs are reported entrenched.

Unsatisfactory Answer.

LONDON, April 7.—The morning papers
generally declare the Russian answer regard-
ing the Afghan frontier dispute to be elusive
and unsatisfactory.

Officers Embark.

BRINDISI, April 7.—Sixty-five British offi-
cers have embarked here for India, having
received orders to rejoin their regiments in
that country.

El Mahdi's Trouble.

CAIRO, April 7.—El Mahdi has summoned
the Emir of Berber to go with his army to
Khartoum to assist in quelling rebels.

Reform movements.

ANGREZ, April 7.—The governor of Yemen
has asked the Turkish government to send
3,000 reinforcements to suppress the uprising
in favor of El Mahdi and to prevent friendly
clashes from joining the insurgents.

The Afghan Question.

LONDON, April 7.—Orders have been issued
and received in India to continue the prepara-
tion for war despite the pacific assurances of
Russia. This action has created a good im-
pression here. The press generally declares
that the Russian answer to Earl Granville's
note is not satisfactory.

Letter from Biennecourt.

BERLIN, April 7.—The North German Ga-
zette publishes a letter from Prince Biennecourt
expressing thanks for the demonstrations of
esteem on the occasion of his seventieth
birthday, in which he says: "I ask all who
kindly thought of me first to accept my con-
gratulations, and believe that the recent proofs
of your love can never be effaced from my
memory."

Rioters' Rebellion.

WINNIPEG, Man., April 7.—Late advices
indicate that Rumbold is seriously threat-
ened by the rebels.

OTTAWA, Ont., April 7.—Capt. Kerwin,
of the Royal Canadian Dragoons, a native of
Ireland and a son of a distinguished soldier, has
promised his services to the government in
connection with the northwest rebellion. He
will leave at once for the northwest, where he
has been assigned for duty on the staff of
Genl. Middleton.

Capt. Howgate, U. S. A., is here. He will
leave at once for Winnipeg to instruct the
Canadian troops in the use of the Gatling
gun, which is now in full operation, which are en-
route to Winnipeg via Chico. The guns
weigh 1,500 pounds each with their carriages. The
ammunition used is the 45-caliber United
States government cartridge. Col. Williams
M. P., in command of the provisional bat-
talion, has issued orders to the men to make
to push forward immediately to the front.

He will leave this morning for Ren-
frew, and will go thence by the Canadian
Pacific railway to the main shore of Lake
Superior. Notwithstanding the efforts made
to bring to bear on the government to release
the remainder of the troops via Chicago, they
adhere to the original plan to send all
troops by the Canadian Pacific road.

A Wet Holiday.

LONDON, April 7.—The programme of the
Easter volunteer review at Brighton had to
be considerably curtailed owing to a heavy
rain which set in.

Fast-Swinging Brass Pounders.

New York, April 7.—The fast-swinging
tournament for brass officers, by L. G. Thom-
son & Co., and under the management of
Mr. Fred Catlin, chief operator of the West-
ern Union telegraph company, New York
city, opened at the office of the Western
Union, 187 Broadway, on Saturday evening.
Participants, the contest being on swinging

judge, who were J. W. McLaren, manager
of the Baltimore and Ohio New York office,

accuracy, considering the time made; second

\$10 and \$5, which were awarded respect-
ively to Wm. E. Price, time, ten minutes

speed and exceeding beauty of style, and P.
J. Griffith; time, thirteen minutes fifteen
seconds for remarkable speed and excellent
maneuvering with the left hand.

Fatal Fight Between Sister and Brother.
ST. LOUIS, April 7.—In a camp near Mex-
ico, Adrain county, there occurred a desper-
ate combat between a woman and a man,
which, all probability, will prove fatal to
both. Two brothers named Thorp, with
their families, on their way from Illinois to
Kansas, camped near Mexico, and the two
men went into town and got drunk. One of
his brothers, Thorp, was a member of the party
and his brother's wife reproached him for getting
drunk. He resented the reproaches, abused
the woman and tried to brain her with a
club. She defended herself with a knife, in
which five cuts, which will, the physi-
cians say, prove fatal. The woman was
struck on the head several times and her
skull fractured.
